

FOLIO

Special Course on the Gifted

The Faculty of Education is in the midst of a pilot project entitled "A 1980 Spring/Summer Course of Giftedness." The "spring" aspect refers to the in-depth psychological assessments of "bright" or "gifted" children that were carried out between 15 May and 30 June by graduate students in cooperation with the Faculty's Clinical Services Division. Of the seventy Edmonton children aged nine to twelve years who were tested, fifteen were selected to participate in the education experiment which began on 28 July and which will conclude on 15 August. The children are engaged in activities geared to their interests and skills, for example, computer-assisted instruction, photography, artistic expression, and drama. Classes are held from 10 a.m. to noon each weekday in Education North.

Dr. Bruce Shore of McGill University's Faculty of Education is the instructor.

Dr. Shore, who is also associated with McGill's Centre for Teaching and Learning Services, will supplement his teaching role with a special presentation on the topic "Future Directions and Programs for Gifted Children." His presentation is scheduled for Thursday 7 August from 1 p.m. to 3 p.m. in 2-115, Education North.

Dr. Shore, whose research interests lie in giftedness and learning styles and exceptional teaching and learning in higher education, is a member of the Executive Committee of the World Council for Gifted and

Talented Children and the organizer of the Fourth World Conference on Gifted and Talented Children to be held in Montreal 21 to 25 August 1981. He has worked extensively in the community with parents and teachers of gifted and talented students.

Dr. John Paterson, chairman of the Giftedness Co-ordinating Committee, told *Folio* there has been an increase in the discussion activity of parents of gifted children in Edmonton and that they (parents) are concerned that schools are not providing the proper kinds of instruction. He noted that Education Minister David King recently expressed

the need for some investigative work in the field and so the Faculty of Education's Departments of Educational Psychology, Elementary Education, and Division of Clinical Services, backed by a grant from the Alma Mater Fund, decided to take the first step.

Dr. Paterson anticipates that a number of solid suggestions for teachers who have gifted children in their classes will emanate from the course.

The other members of the Co-ordinating Committee are J.S. Goldberg, H.L. Janzen, H. Juergens, G.V. Malicky, R. Mulcahy, D. Nelson, and L. Wilgosh. □

Honorary Symposium

The Department of Chemistry will be holding a symposium in honor of Professor Walter E. Harris, on the occasion of his retirement.

Dr. Harris has been identified with the University of Alberta for over forty-five years. He first came as a student in 1934 and received both baccalaureate and masters degrees from this University. In 1946 he returned to the University of Alberta as an Assistant Professor of Chemistry, and began an intensive program of teaching and research.

In recognition of his research and teaching contributions Dr. Harris became the second recipient of the Fisher Scientific Lecture Award of the Chemical Institute of Canada, was elected a Fellow of the Royal Society of Canada and the American Association for the Advancement of Science, and received

Achievement Awards from the Province of Alberta and the University of Minnesota.

Dr. Harris's organizational and administrative abilities have been in demand throughout his career. He has served on innumerable committees at all levels, and was Chairman of the Department of Chemistry from 1974 to 1979. On 1 September he will begin several years work as Chairman of the University of Alberta President's Advisory Committee on Academic Reviews.

The symposium, which begins at 9 a.m. 15 August, will be held in room V-107 V Wing. A variety of papers dealing with analytical chemistry will be presented by speakers from Canadian and American universities or institutions.

For further information contact the Department of Chemistry at 432-3254. □

1980 Ayerst Award Winner

Department of Biochemistry

The 1980 Canadian Biochemical Society Ayerst Award winner is William A. Bridger, Professor of Biochemistry. Dr. Bridger's current research interests deal with the rationalization of the subunit structure of enzymes in terms of their biological function and the regulation of protein degradation *in vivo*.

Our award winner is one of the top ranking enzymologists in Canada, who has gained an international reputation for his work with the succinyl CoA synthetase system, which has been a focal point of his research over the past thirteen years. In that period, observations made in his laboratory have allowed considerable elucidation of the structure, kinetic properties and mechanism of action of this enzyme. These penetrating and incisive studies with succinyl CoA synthetase are generally regarded to be the best in the field and as well, they have provided valuable insights into the feasible solution of related enzyme problems, such as the excellent work Dr. Bridger is doing with citrate lyase and phosphoenol pyruvate synthetase. They also reveal the breadth of his understanding and command of enzymology. The contributions made by Dr. Bridger's laboratory cover a wide range of aspects in the study of enzymes, and they have been made through the utility of any diverse physico-chemical, chemical and kinetic approaches. Some enzymologists

are satisfied with kinetics alone while others never venture beyond structural determination. Dr. Bridger, on the other hand, is equally at home in both areas. In combining so many different approaches to try and understand one enzyme, he is naturally much more successful than those who thrash a technique to death. All of his papers are of uniformly high quality and his wide understanding of enzymology is evident from the excellent review articles he has written for *The Enzymes*, *PAABS Revista*, and *Trends in Biochemical Sciences*, as well as his superb lectures in both our undergraduate and graduate teaching programs at The University of Alberta.

In addition to his outstanding research contributions, Dr. Bridger's efforts in promoting

the development of biochemistry in Canada through his services as Secretary of the Canadian Biochemical Society (CBS), as an Associate Editor of the *Canadian Journal of Biochemistry*, and as an organizer of winter CBS symposia are first-rate and legendary. His judgment on both professional and scientific issues is always critical and mature and his standards are extremely high. At the same time, he maintains a human perspective which permits him to see both sides of a difficult or controversial issue. As such, his counsel is regularly solicited and respected by all his colleagues.

On all accounts, Dr. Bridger is a most worthy recipient of the Ayerst Award and the University congratulates him most warmly on this achievement. □

Campus Tours

Everyone is welcome to attend The University of Alberta's summer program of campus tours.

The tours are designed to be of interest to the general public

—to familiarize local residents with their University and to acquaint visitors to the City with it.

The tours will be conducted each Thursday and Sunday afternoon in August, commencing at 1:30 p.m. both days. They depart from the south end of the HUB Mall shopping concourse, 89 Avenue and 112 Street and are of about one and one-half hour's duration.

The departure point is convenient to the ETS bus stops on 89 Avenue. Those travelling by car are advised to park in the lots accessible from 111 Street and 90 Avenue. Parking is free Sundays; \$.75 weekdays.

While pre-registration for the tours is not necessary, those anticipating taking part are invited to phone the University's Office of Community Relations beforehand. This will help ensure that sufficient guides will be on hand. Phone 432-2325 weekdays between 8 a.m. and 4 p.m.

For more information, please contact Rick Pilger at 432-2325. □

"Have you ever thought about..."

Often referred to as a "city within a city" The University of Alberta always has a number of interesting and exciting things to report on. Throughout the year, without fail, Folio keeps you up-to-date on what the governing bodies are saying, what the researchers are doing, and what the professors are teaching, what changes are taking place on campus and so forth.

There are, as well, many ancillary things being done, and happening on campus without which our "city within a city" could not be complete. If there is anything you have seen, heard, or wondered about on campus write or call us and we will attempt to report on it in future issues.

... the buildings on campus

You walk by them every day, work in one, perhaps eat in another and yet chances are you take for granted the high maintenance standards and the hundreds of thousands of dollars spent on such necessities as heating and electricity.

The forty-eight major buildings which you see on campus are the mainstay of the 290 acres which constitute the physical aspect of our city within a city. Not only do the buildings house classrooms, offices, research laboratories and provide housing for students, they also accommodate cafeterias, recreation facilities and a shopping/housing complex as well as other sundry areas too many to mention.

Some sixty-five trades and 398 caretaking personnel are part of the 766 individuals who make up Physical Plant, the area responsible for maintaining the university campus buildings. It is these people whom you can thank for the cleanliness and immediacy of action when something requires repairs.

According to the university's Plant Engineer, Cliff Reade, the annual consumption of electricity for 1979-80 was a staggering \$2,175,547, while water usage took up another \$706,800 of our operating budget. To heat the buildings cost the university almost \$2 million.

With these figures in mind one can take solace in the fact that

the university is seriously involved in energy conservation and reduction measures. So serious in fact that in 1976 it established an Energy Management department. Its director, Ron Burns, points out that a recently completed three year program involving the delamping of excess lights has saved the university in excess of \$240,000 per year in lighting bills.

This delamping program involved Energy Management personnel to visit every room in every building on campus to evaluate the lighting needs. Each person was equipped with a light meter and with this assessed each room's needs. After taking into consideration the natural light from windows, desk situation and consultation with building users, some 87,000 lamps were disconnected, cutting the lighting by one-third.

Mr. Burns also mentions that a heating program is currently underway. This energy reduction program involves the modification of all air-handling systems in all buildings on campus. Each building will have, once the program is completed, a computer which will regulate the heating system. When the building is officially closed the computer will automatically adjust the heating system, but only to the point where no damage will result. Mr. Burns estimates that the program will require another six or seven years.

All in all, the estimated savings through these and other energy reducing schemes will save the university anywhere from \$11.5 million to \$16 million between 1975 and 1984.

The other energy reduction programs will perhaps make an interesting "Have you ever thought about..." column. Let us know.

As you can read, there is much more than meets eye when walking past a university building. We can be proud to work on a campus which one can't help but admire because of a dedication and pride Physical Plant individuals display.

Have you thanked your maintenance personnel today? □

service information

Information must reach the Editor by 9 a.m. on the Thursday prior to publication. Written notification is necessary. Notices should be sent to 423 Athabasca Hall

Coming Events

Exhibitions
Rutherford Library Galleria
Continuing. "Canada's West: Photographs from the University of Alberta Archives." A selection of historical photographs relating to Western Canada.

University Special Collections
"Sing, Shining Republic! Highlights of American Poetry, 1809-1978." B37 Cameron Library.

Devonian Botanic Garden
Plants in bloom during the third week of August: Aster, Clematis, Gypsophila, Inula, Swertai.

The Garden is open to the public Monday to Friday, 10 a.m. to 6 p.m. Saturdays, Sundays and Holidays 1 p.m. to 6 p.m. During July and August, guided tours will be given at the following times:

Wednesday, Thursday, Friday:

11 a.m., 1 p.m., 3 p.m.

Saturday, Sunday: 1:30 p.m., 3 p.m., 4:30 p.m.

The Garden can be reached by travelling 10 kilometres west of Edmonton on Highway 16, then 15 kilometres south on Highway 60.

Students' Union
26 July to 15 August. 12 noon to 7 p.m.
"The Works 1980"
Summertime exhibition and sale of works in ceramic art, watercolor and blown glass.

Films

Edmonton Film Society
"Screams for a Summer Night" Series
11 August. 7 p.m. "God Told Me To" (1977). 8:45 p.m. "Massacre At Central High" (1976).
18 August. 7 p.m. "The Fury" (1978). 8:45 p.m. "Sisters" (1973).
Tory Lecture Theatre. Series passes available at HUB, Woodward's.

Lectures and Seminars

Department of Biochemistry
13 August. 4 p.m. M. Hermodson of Purdue University will speak on

"Separation of Large Polypeptides on Reverse Phase High Pressure Liquid Chromatography." 227 Medical Sciences Building.

14 August 4 p.m. B. Gisin from The Rockefeller University, New York, will talk about "Synthetic Membrane Active Peptides." 227 Medical Sciences Building.

Forest Industry Lecture Series

14 August. 11 a.m. G. Namkoong, North Carolina State University, will discuss "Tree Breeding for Variable Environments." 345 Chemical-Mineral Engineering Building.

Summer Sports Camps

Specialized Skating for the Advanced Hockey Player
Varsity Arena, Nautilus Training Room, University of Alberta.
Date: 11 to 16 August 1980.

For further information and application form contact Athletic Services 432-5705.

Music

Convocation Hall

8 August. 8 p.m. A recital of Canadian Arts Songs, with Alfred Strombergs, piano, and Vocal Workshop participants.

11 August. 7:30 p.m. A recital by British organist Ian Bednall.

Theatre

Students' Union Theatre

18 to 22 August. "Breath of Our Grandfathers" by KSAN Performing Arts. Admission \$5.

Notices

Statistical Consulting Laboratory

The President has provided funding for a two-month period for a statistical consulting laboratory to be operated by the proposed Department of Statistics and Applied Probability. This Laboratory is designed to provide University researchers with free statistical consulting. A service like this is provided at many universities; in Canada, these include the University of Toronto, the University of British Columbia, Queen's and Dalhousie Universities. If there is a favorable response to the service on this campus, we would hope to be able to provide statistical consulting on a more permanent basis.

The Statistical Consulting Laboratory will be open from 20 June to the end of August during the hours 10:30 a.m. to 12 noon and from 1:30 p.m. to 3:30 p.m. daily. The laboratory is housed in 605 Central Academic Building, and the telephone number is 432-3420. All members of the University community desiring statistical consultation on their research problems are invited to use this service.

Surplus Equipment

The equipment appearing in this column is available only to University Departments with University Administered Funds.

For further information about the purchase of equipment or the disposal of any of your department's surplus equipment, consult Bonnie O'Dwyer or Roy Bennett, telephone 432-3208.

Wanted: 1 double wheel rotary file for 3x5 inch cards. For further information call Mr. Cox at 432-3845.

Research Grants

Granting Agencies: Application Deadlines

This list of deadline dates for submissions to granting agencies for research funds, exchange programs, and travel grants is published every month in *Folio*. In order to allow sufficient time for processing, all applications should reach the Research Grants and Contracts Office at least ten days before the deadline date. Where other University resources are involved, the time requirement may be much longer than ten days and such applications should therefore be submitted well in advance. An extra copy of the application should be provided for the Research Grants and Contracts Office.

Further information may be obtained by consulting the *Calendar of Granting Agencies for Research Funds, Exchange Programs, and Travel Grants*, which is available in the offices of Deans, Directors of Institutes, Centres, and Schools, and Department Chairmen, or by telephoning the Research Grants and Contracts Office, 432-2002. Note: Although the *Calendar* is updated on a continuous basis, the following information is subject to change without notice. If staff members have advance information on forthcoming changes, the Research Grants and Contracts Office would appreciate being advised. Code: (R) Research Funds; (E) Exchange programs; (T) Travel grants.

Granting Agency	Deadline Date

campus tours

Free guided walking tours of The University of Alberta Campus depart from the south end of the HUB Mall at 1:30 p.m. each Thursday and Sunday during the month of August. For more information: telephone 432-2325

Positions Vacant

To obtain further information on the following positions, please contact Personnel Services and Staff Relations, third floor, SUB, telephone 432-5201. Please do not contact the department directly. Positions available as of 31 July 1980.

Curriculum Librarian

The University of Alberta Library requires a Curriculum Librarian, to be responsible, under the direction of the Head of the Herbert T. Coutts (Education) Library for the operation of the Curriculum Library, including reference work, supervision, materials selection, faculty-library co-operation, and orientation.

Applicants should possess a teaching qualification and a Library Science degree. Previous library experience, including supervisory experience, is required. An understanding and appreciation of instructional materials (K-12) is essential.

Salary according to experience and qualifications. Academic status, excellent fringe benefits, removal grant. Applicants should send curriculum vitae, transcript of academic record, and the names of three references to Bruce Peel, Chief Librarian, University of Alberta, Edmonton, Alberta, T6G 2J8. Deadline for receipt of applications is 18 August 1980. The University of Alberta is an equal opportunity employer.

Non-Academic Positions

Clerk (\$830.15-\$893.47)—Purchasing
Sales Clerk (\$830.15-\$893.47)—Bookstore
Library Clerk (2 positions) (\$830.15-\$922.13)—Extension Library
Financial Records Clerk (Part-Time) (\$474.36-\$566.53)—Physiology
Clerk Typist II (Part-Time Term) (\$415.08-\$495.71)—Immunology; Anthropology
Clerk Typist II (\$830.15-\$991.42)—Purchasing; Political Science; Romance Languages; Physical Plant
—Vehicle Pool; Office of the Comptroller (Term, 2 positions)
Library Clerk II (Term) (\$830.15-\$991.42)—Music
Purchasing Clerk I (\$861.22-\$1,030.83)—Purchasing/Buying
Dental Assistant (Trust) (\$861.22-\$1,030.83)—Mobile Dental Clinic
Clerk Steno II (\$861.22-\$1,030.83)—Extension (3 positions); Medical Laboratory Science; Nursing; Education—Student Records Office; Physical Education
Senior Clerk (\$893.47-\$1,069.05)—Office of the Registrar
Duplicating Equipment Operator II (\$893.47-\$1,069.05)—Mathematics; Faculty of Law
Switchboard Operator (\$893.47-\$1,069.05)—Administrative Services
Clerk Typist III (Part-Time) (\$461.07-\$554.83)—Home Economics

Clerk Typist III (\$922.13-\$1,109.66)—English; Library Science
Clerk Steno III (\$959.16-\$1,157.44)—Extension; History; Sociology (2 positions); Obstetrics and Gynaecology; Personnel Services and Staff Relations; Educational Psychology
Student Record Processing Clerk (\$959.16-\$1,157.44)—Education—Student Records Office
Accounts Clerk (Part-Time) (\$495.71-\$602.61)—Devonian Botanic Garden
Accounts Clerk (\$991.42-\$1,205.22)—Office of the Comptroller, Payroll Division
Medical Steno (\$1,030.83-\$1,257.77)—Psychiatry
Secretary (\$1,069.05-\$1,309.14)—Educational Administration; Dentistry; Obstetrics & Gynaecology; University Health Services; Field Services—Education
Library Assistant II (\$1,069.05-\$1,309.14)—Extension—Legal Resource Centre; Boreal Institute
Administrative Clerk (\$1,069.05-\$1,309.14)—Nursing; Professional Examinations Office
Medical Records Librarian I (\$1,069.05-\$1,309.14)—Pathology
Department Secretary (Part-Time) (\$602.61-\$742.37)—Slavic Languages
Department Secretary (\$1,205.22-\$1,484.74)—Chemistry; Introductory Biology Program
Animal Assistant I (Part-Time, Term) (\$430.16-\$515.42)—Surgical Medical Research Institute
Storeman I (\$893.47-\$1,069.05)—Chemistry
Building Services Worker II (\$959.16-\$1,157.44)—Housing and Food Services
Computer Assistant II (2 positions) (\$991.42-\$1,205.22)—Computing Services
Technical Assistant (\$991.42-\$1,205.22)—Devonian Botanic Garden; Photo Services
Storeman II (\$1,030.83-\$1,257.77)—Chemistry
Pool Operations Attendant (\$1,069.05-\$1,309.14)—Physical Education and Recreation
Technician I (\$1,069.05-\$1,309.14)—Soil Science (3 positions); Computing Services; Medicine (Term); Zoology
Biology Technician II (\$1,069.05-\$1,309.14)—Genetics
Field Technician I (\$1,069.05-\$1,309.14)—Genetics
Farm Technician I (Trust) (\$1,069.05-\$1,309.14)—Animal Science
Chemical Technician I (\$1,069.05-\$1,309.14)—Soil Science
Biochemistry Technician I (Term) (\$1,069.05-\$1,309.14)—Forest Science
Civil Engineering Technician I (\$1,069.05-\$1,309.14)—Civil Engineering
Technician I/Technologist I (Trust) (\$1,069.05-\$1,484.74)—Physiology
Control Centre Operator I (\$1,109.66-\$1,365.29)—Physical Plant
Food Services Worker IV (\$1,109.66-\$1,365.29)—Housing and Food Services

Building Service Worker IV (\$1,157.44-\$1,423.81)—Physical Plant
Computer Operator I (\$1,157.44-\$1,423.81)—Computing Services
Security Officer I (2 positions) (\$1,205.22-\$1,484.74)—Campus Security
Farm Technician II (Trust) (\$1,205.22-\$1,484.74)—Animal Science
Technologist I (\$1,205.22-\$1,484.74)—Physical Education; Anthropology
Laboratory Technologist I (\$1,205.22-\$1,484.74)—Provincial Laboratory
Programmer/Analyst I (\$1,257.77-\$1,550.43)—Genetics
Programmer/Analyst I/III (\$1,257.77-\$2,195.45)—Administrative Systems
Art Technician Demonstrator I (\$1,309.14-\$1,617.33)—Art and Design
Electronics Technician II (\$1,309.14-\$1,617.33)—Animal Science (Trust); Chemistry; Physical Education
Nurse (\$1,309.14-\$1,617.33)—University Health Services
Electronics Technician II/III (\$1,309.14-\$1,843.07)—Computing Science
Electronics Technician III (\$1,484.74-\$1,843.07)—Physics
Engineering Technologist III (\$1,484.74-\$1,843.07)—Physical Plant
Programmer/Analyst II/III (2 positions) (\$1,484.74-\$2,195.45)—Administrative Systems; Computing Services
Programmer/Analyst II/III (\$1,484.74-\$2,195.45)—Printing Services
Programmer/Analyst III (\$1,763.03-\$2,195.45)—Computing Services
Biology Technician IV (\$1,550.43-\$1,924.31)—Genetics
Engineering Technologist V (\$1,924.31-\$2,400.90)—Physical Plant
Technologist IV (\$1,763.03-\$2,195.45)—Medical Bacteriology

The following is a list of currently available positions in the University of Alberta Libraries. The bulletin board in the Cameron Library, Room 512, should be consulted for further information as to availability and position requirements.

Library Assistant I (\$959.16-\$1,157.44)—Acquisitions
Library Clerk II (2 positions) (\$830.15-\$991.42)—Circulation
Library Clerk III (\$893.47-\$1,069.05)—Cataloguing (Added Copies)
Library Assistant I (\$959.16-\$1,157.44)—Reference
Library Assistant II (\$1,069.05-\$1,309.14)—Periodical Reading Room
Programmer/Analyst III (\$1,763.03-\$2,195.45)—Systems

Advertisements

Advertisements must reach the Editor by 3 p.m. on the Thursday prior to publication date which date also serves as the deadline for cancellation of advertisements. The cost of placing advertisements is 20 cents per word for the first week and 10 cents per word for subsequent weeks ordered before the next deadline. Advertisements must be paid for in advance, and are accepted at the discretion of the Editor. We regret that no advertisements can be

taken over the telephone. For order forms or further information, telephone 432-2325.

Accommodations available

For rent—1 September. Windsor Park.

Executive bungalow, wonderful location, walking distance University, partly furnished, professionally landscaped, garage. Phone 433-6156, 1-252-2991 or write #1023, 6707 Elbow Drive. S.W. Calgary. T2V 0E5.

For sale—Classy, comfy condominium (large Hearthstone townhouse).

Finished basement with superb laundry/sewing centre. Sliding patio doors to appealing cedar deck bordering greenbelt. Only few steps to ravine. Call DeAnna Larson 481-0936, 436-5250. Spencer's.

For sale—Manhattan style town houses in centre city. Two bedrooms, sunny loft, fireplace, enclosed cedar deck. \$79,900. Call Betsy Rigal 437-3527 or Pat von Borstel 437-6540 or Spencer Real Estate 436-5250.

For sale—Corner lot in Riverbend (75'x125'), possible view towards river, \$105,000. Call DeAnna Larson 481-0936, 436-5250. Spencer Real Estate.

For sale—By owner. Five bedroom, two baths. 11050 80 Avenue. \$98,000. Call Paul 433-9866.

For sale—Grandview. Four bedroom home in beautiful condition featuring oak floors, brick open fireplace, deck off dining room, double front drive garage is offered for sale under \$160,000. Call Eleanor Duncan 436-3050 Potter Realty or 434-7368.

For sale—Garneau charm. Charming, two storey, built in 1928 and fully restored in 1979. Only a few

minutes walk from the University campus or hospital. Gorgeous hardwood throughout. New kitchen, new roof, new plumbing. Asking \$149,000. Call Ron Holmes 436-3050, res. 434-6928 for further details. Potter Realty Co. Ltd.

For sale—Royal Gardens. Immaculate, four bedroom, two storey, close to all-level schools, shopping and Confederation Pool. Mortgage of \$50,000 at 10¼%. Asking \$109,500. Call Pat von Borstel. Res. 437-6540, bus. 436-5250. Spencer Real Estate.

For sale—Windsor Park. Impeccably kept 1,400 sq. ft. home. Finished basement, double garage, mature landscaping, aluminum windows, kitchen cupboards recently renewed, well planned for comfortable living. Call Goetz at 439-0035, res. 436-1134. Crescent Realty.

For sale—In old Strathcona. Lovely, three bedroom home with charm. French doors, windows. Private dining room. Hardwood floors. Stove, fridge, garage. R-4 zoning. Quiet treed cul-de-sac. Five minutes to University. \$93,000. 434-4951 evenings.

For rent—Four bedroom, furnished house on four acres, 15 miles S.W. of city. Park-like setting of pine and birch on quiet crescent. Partially developed basement. One year lease. \$500 monthly with two month deposit. Available 15 August. 987-2074.

For rent—House, west end ravine lot. Two storey split. Three bedrooms, four bathrooms, main floor family room, rec. room, wet bar in basement, double attached garage, fifteen minutes to University. \$850 month,

furnished, unfurnished negotiable. 1 September, 1980 to 30 June, 1981. Phone 432-3628 days, 487-0783 afternoons, evenings.

For sale—Cozy bungalow on University Avenue. Close to University. Exceptional lot R C-1. for residence revenue or duplex. Pat von Borstel res. 437-6540, bus. 436-5250 Spencer Real Estate.

For sale—\$89,900 in Parkallen. Three bedrooms, large dining room, double garage, 165' lot. DeAnna Larson 481-0936 Spencer Real Estate 436-5250.

For sale—\$169,000 in Riverbend! Four bedroom executive home with "picture perfect" back yard. See it now. Call DeAnna 481-0936 or Eva 437-5603. Spencer Real Estate 436-5250.

For rent—Millwoods. Three bedroom, new house, big family room, partially furnished, central vacuum system. Family, one or 1½ years. 25 minute drive to University. 1851 45 Street.

For rent—Small campus house. September - December, 1980. Mature person only. Suitable for visiting professor. 435-8204.

For sale—Immaculate, two bedroom bungalow in Norwood district, ideal for student occupancy and as an investment. Priced to sell at \$67,900. For details please call Clarence Comrie or Bob Schaller at The Permanent 428-8501, evenings 452-8893 or 423-0243.

For rent—Required quiet, non-smoking person to share home near University with couple. \$150/month. 436-0408 evenings.

ALBERTA HERITAGE FOUNDATION FOR MEDICAL RESEARCH

Established by an act of the Alberta Legislature, the Foundation is responsible for the administration of the income from a three hundred million dollar endowment in support of medical research. The Foundation seeks a

PRESIDENT

who will be responsible to the Trustees of the Foundation and will serve as Principal Officer.

This challenging assignment provides a unique opportunity for the successful applicant to help shape the development of research programs.

The President would:

- *advise the Trustees on appropriate research development strategies,*
- *develop terms of reference for, and ensure the effective operation of, the Scientific Advisory Council,*
- *develop procedures for the review of applications for awards and grants,*
- *maintain effective communication with Alberta universities and the research community in Alberta,*
- *publicize and stimulate public awareness of the work of the Foundation.*

Salary and conditions of employment for this senior position to be negotiated.

Applications and/or nominations should be accompanied by a curriculum vitae and the names of three references; please send to:

E.A. Geddes, Chairman
Alberta Heritage Foundation for Medical Research
1200 Oxford Tower, Edmonton Centre
10235 - 101 Street
Edmonton, Alberta T5J 3G1

Closing date for applications: October 31, 1980.
